☐ **How does the artifact you selected demonstrate strengths & growth in the thinking competencies?** **In what ways might you further develop your thinking competencies?**	I made connections to myself, text and world because I feel like the things that happen to the characters in the stories happened to everyone and the stories can apply to anyone. So, I used them as argumments and support for my thoughts. I took notes in our discussion during class and had slef notes as well. So, I combined the ideas, viewpoints, and thoughts to create a better understanding of the stories. I used these o have a better understanding of the stories and used them in my eassy as arugmments, support and others. Both authors of the stories used a lot of irony, imagery, symbols, and contrast to show us the readers how we can express our thoughts on a deeper level. I think that all literature show you parts of human condition which I used to make a better understanding of the stories. Learn about how we can make changes to our selves and other but to be more aware of things around us.
