

Hotteok

(Korean Pancake)

JIMIN

It was hard to choose what I was going to make so I searched and thought lots of food. Finally, I found this food which is easy to make. However, I changed the recipe little bit because I wanted to mix a Korean pancake recipe and my homestay mother's pancake receipe.

These are all ingredients which I needed; 2 eggs, 2 cups all-purpose flour, 1 $\frac{3}{4}$ cups milk, $\frac{1}{2}$ cup vegetable oil, 1 tablespoon white sugar, 4 teaspoons baking powder, $\frac{1}{4}$ teaspoon salt, $\frac{1}{2}$ teaspoon vanilla extract, brown sugar and 2 bananas

First, I put all the ingredients in a mixing bowl except the bananas and brown sugar. Next, I put oil on a frying pan, put in the dough and I put bananas and brown sugar on the dough before I put on some dough again on the top.

This food is a snack eaten in Korea and China, and it is a hot rice cake containing sugar made by glutinous rice or flour and it is a typical food to eat in winter. We usually put sugar but these days people make it in various ways. For example, in Korea, we have honey pancakes, vegetable pancakes, pork pancakes, cream cheese pancakes etc.

Thank you for listening
