Ralph & Jack

I am Ralph
I am Jack

I lead a group of kids
I hunt a bunch of pigs
I choose democracy
I choose anarchy

My people listen
My beasts follow
I stay near the lagoon
I stay at the castle rock

People like me
People fear me
I create fire
I pillage fire

Peace & negotiations are the key
Aggression & battle solve everything

Everybody has a say in everything
My words are everything
I want cooperation
I want elimination
I don't want to die
I want him to die
