Self-Reflection

Describe how the artifact you selected shows your strengths & growth in specific core competencies. The prompt questions on the left - or other self-assessment activities you may have done - may guide your reflection process.

On the English Class, we did a paragraph about if a boy who wants to wear skirts while playing sports, I took a number of effort there, from the reading and interpreting of the story, to catching the theme and having my own idea to this story, I really paid my effort there. I'm having an understanding of the ways to understand a short story quicker and catch the theme more easily. It also helped me to develop the communication and social competency, for we had some discussions between my classmates to get the topic of the theme and the paragraph. What's more, the typing works and the high frequency of using the laptop made me more used to study digitally and types faster. I'll keep this condition to try to do my best in the following year.
