How does the artifact you selected demonstrate strengths & growth in the communication competency?

In what ways might you further develop your communication competency?

Think about your learning related to a specific Core Competency. Using the questions below as prompts, describe and/or draw how you have demonstrated and/or developed in a competency.

What are your strengths? What are some things you believe you are good at? Provide evidence of your strengths. What are areas where you can grow and develop? What can you do to achieve this goal?

I struggled with Western world view vs. Indigenous world view discussions. I was gone for the week when the discussion groups had been chosen and when everything was sorted out: the general map of what everyone was going to talk about in the book, and points of view of what to say, how to say it etc. I overcame this by just getting over with my fear of being failure, and just doing it. I had no idea what to say or what to talk about: i let my group start the discussion. I treated the discussion as I was just having a regular conversation with my group, acting like we weren't voice recording. It relieved my stress and pressure towards the assignment by treating it like it was a normal discussion. I don't think I talked enough during the discussion, but I did talk more then I thought I was going to be able to. Using my strengths of independence, and stress management I was able to overcome this situation.
