

Cole McDonell

The Murderer

Dont let the look of your trusted devices fool you

Who Is the Killer?

Brock was angry and scared of technology and the grip it had on people.

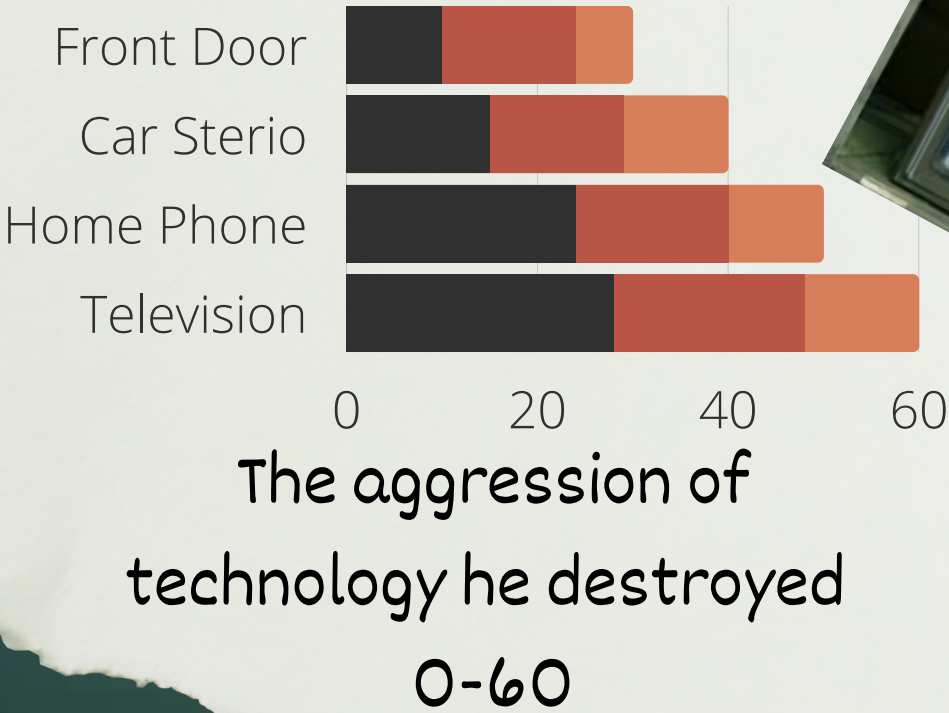

Every minute technology was in Brocks mind, filling him up with rage towards the electronics.

The man finally lost his mind

- He shoved ice cream in his truck radio
- He went home with a gun and shot the front door

Brock ran into his home and shot the tv and threw the home phone into the garborator, he was free from technology at last.

Bradburys point

The writer of this story based Brock on a man who was controlled by electronics, he went crazy and tried killing the technology as if it was a real person.
