Anatomy & Physiology 12 Mid-term Self-Evaluation

Name:	
Name.	- 1

U

What competency do you want to improve? How?

Unit: Biological Molecules / DNA & Protein Synthesis		
These are the things I did to learn the content for this unit:	M II '' 1 (00)	
Paid attention during lessons	My Unit test mark (69):	
 □ Wrote my own notes □ Did all the Check Your Understanding Questions 	I am proud of:	
(Water, Biomolecules, DNA) ☐ Checked my CYU answers with the Key		
(Water, Biomolecules, DNA) ☐ Did extra reading in the textbook &/or student notes package	I struggled with:	
especially while I was answering CYU questions		
 □ Did corrections on my incorrect quiz questions □ Asked teacher to explain concept 	To improve I can:	
Used the unit review sheetsUsed the practice test		
Other:		
Unit: Cell structures / Cell membrane transport		
These are the things I did to learn the content for this unit:	My Unit test mark (66):	
□ Paid attention during lessons□ Wrote my own notes		
☐ Did all the Check Your Understanding Questions	I am proud of:	
(Cell & transport) ☐ Checked my CYU answers with the Key		
(Cell & transport)□ Did extra reading in the textbook &/or student notes package	I struggled with:	
especially while I was answering CYU questions Asked teacher to explain concept	To improve I can:	
☐ Used the unit review sheets	To improve i can.	
☐ Used the practice test☐ Other:		
Science Skills & Competencies:		
Reflect on the lab activities we have done and the feedback you've received to-date.		
What competency do you think you are doing well on? Why?		

Science Skills & Competencies will be included in your final mark – we are still working on developing abilities.
