

the clothes worn by Jews in internment camps were very torn and minimal.

idea of Jews from different locations being put into one area

shape physical

skin style is like a fan

has a pivot point(s)/area

replicates the wrinkles of clothes/fabric

All three scientists were born into Jewish families

ethno-religious group

The Jewish religion is represented by the Star of David

staple of denim.

The Holocaust is one of the most representative tragedies of Jews.

DENIM

During the time the 3 scientists were all alive denim wasn't common. In the 1950's, after Max Planck passed away, it became something that represented rebellion.
