C ☐ **How does the artifact you selected demonstrate strengths & growth in the communication competency?** **In what ways might you further develop your communication competency?**	**Self-Reflection** Describe how the artifact you selected shows your strengths & growth in specific core competencies. The prompt questions on the left - or other self-assessment activities you may have done - may guide your reflection process. In the project *Life is About Experiences*, I demonstrated and improved my skills in recounting and reflecting on an experience. However, I would have done better if I had enough of a passion for the subject that I did not mind using the inferior technology of Microsoft Sway. I also practised developing ideas over the course of this project, both in my writing and in what limited creative control I had over the Sway presentation. On this project I would give myself a B, as the descriptive writing was A-quality, but the other half of the project - the Sway presentation - was B minus-quality. Taking the average of these, the appropriate mark would be a B.
