Name: Jasmine Park

**How much did you participate in the discussion today?**

About the right amount   too much                      not at all                      too little

**What was an important contribution you made to the discussion?**

An important contribution I had to the discussion today was completing the role sheet and being able to explain it to my group during the circle.

**What was an important idea expressed by someone else in the group during the discussion?**

An important idea that was expressed was the theme of the novel as well as the symbolism used throughout the book.

**What group strategies did your group use well? What strategies did you struggle with?**

Some strategies our group used well is listening carefully, being considerate of others' opinions, asking for clarification, summarizing, participating, staying on topic, and encouraging others to participate. Some strategies we struggled with were getting information when group members were absent.

**Suggestions/ Comments/ Goals for the next literature circle discussion?**

Some goals are making a more thorough role sheet for each role and using more detailed evidence from the novel.
