How does the artifact you selected demonstrate strengths & growth in the communication competency?

In what ways might you further develop your communication competency?

Self-Reflection

Describe how the artifact you selected shows your strengths & growth in specific core competencies. The prompt questions on the left - or other self-assessment activities you may have done - may guide your reflection process.

The activity I want to reflect on is the Unit three poem on causes/consequences of the American revolution or war of 1812. I will be demonstrating the communication core competency, but it was not letting me check the box. This activity we got to do with a partner, and I thought that made the activity a lot more fun. I demonstrated the communication core competency by talking and engaging with my friend to creatively make a poem communicating our knowledge. I practiced listening and being patient, by listening to what she had to say, then reflecting on it or adding to it. Working with a partner also helped me develop my collaboration skills, which is an important part of communication. I could farther develop my communication core competency, by working with different people, and continuing to be open minded to their ideas, opinions, thoughts, etc. I've enjoyed developing this competency throughout the year so far, and I hope to continue working on it.
