How does the artifact you selected demonstrate strengths & growth in the communication competency? I chose this because I think we needed a lot of communication for this project to be able to talk and understand each other and be able to work on the project as a team and not as one. Before this project I feel that when I would work on other projects as a group setting I feel like we wouldn't work together, but I feel like for this specific project we worked very hard as a team and listened to each other's ideas. I think that if we wanted to work harder we could have talked a little more about what we are doing and how we should do it.
