Self-Reflection

Describe how the artifact you selected shows your strengths & growth in specific core competencies. The prompt questions on the left - or other self-assessment activities you may have done - may guide your reflection process.

Les Coferences de L'Adanc, it demonstrates social responsibility because I had to converse with others that I did not know very well, I had to give suggestions to other people and depend on others to do their job.

I felt like I did a good job in this project because i was really evolved and wanted to succeed. Everyone in our group was very responsible and I fell like the four of us did very well on this project.

Personally this pushed me to work harder because i did not want to let others down and disappoint myself.

Overall I fell that this has improved my social responsibility and how I will work in groups from now on and I hope that the other members of my group fell the same.
