

Literature Circle Debriefing

Name: _____ Date: _____

How much did you participate in the discussion today?

About the right amount too much not at all too little

What was an important contribution you made to the discussion?

I was the discussion director, so I asked my group questions

What was an important idea expressed by someone else in the group during the discussion? (identify the person and tell what he/she said.)

?

What group strategies did your group use well? What strategies did you struggle with? (participating, staying on topic, contributing appropriate information, encouraging others to contribute, listening carefully, making good eye contact, being considerate of others' opinions, asking for clarification, summarizing, using appropriate voice levels)

Everyone said something if they had something say, I don't think people really got interrupted. We also had a copy of the person's work in front of us though the shared one note

Suggestions/ Comments/ Goals for the next literature circle discussion?

Maybe a longer discussion
