## Self-Reflection

Describe how the artifact you selected shows your strengths & growth in specific core competencies. The prompt questions on the left - or other self-assessment activities you may have done - may guide your reflection process.

My one-act play project shows my strengths and growth in the communication competency. I collaborated with Julia and respected her ideas. It shows my strengths and growth in the thinking competencies. We built on each other's ideas to create and develop new ones. After receiving feedback, we edited and improved our work. The project also shows my strengths and growths in the personal and social competencies, as we identified a social issue in the world around us, and created and developed a satirical play to raise awareness about this issue.
