

Name: _____

Weathering/Erosion and Streams Scavenger Hunt!

- Find at least 10 of the following items/features
- Take a picture of each with SnapChat (?), label it, and save it to your phone
- Ms. Della will be pointing things out along the way, stay close 😊
- After the walk, make a collage of your labelled pictures somehow (Word? Instagram? PowerPoint? ...)
- Post your collage to your EduBlog, tagged with *Geology12March2022*, so Ms. Della can find it
- Do a Core Competencies Self-Reflection about your post
- You will be graded on the completion, quality, and accuracy of your post /15
- Due by tomorrow evening

Items/Features to Photograph and Label:

- Physical weathering examples – include type of physical weathering
- Chemical weathering examples – include type of chemical weathering
- Biological weathering examples – include type of biological weathering
